

Om shanti

You might have happened to ask questions such as, 'Actually who am I?', 'Why was I born here', 'Why is this world as it is?', 'Why is there so much sorrow?', 'Why do people seem to become worse and worse?', 'Where are we heading to running faster and faster?'... and many other questions. Every path, every school, every religion and system give different answers to these questions. What is the truth in this jungle of opinions and thoughts. There are so many paths, so are all of them true or maybe some chosen ones?

If even the weakest desire to know the true self and the true history of the world is kindling in you, look at what ShivBaba teaches. Not bounded by any human religion or system, free from all the influence, unselfish, impartial ShivBaba comes here once a cycle and tells people their true story

What is the risk? Few minutes to read the leaflet containing the essence of what ShivBaba wants to communicate to all the people of the world. If you like to know more the door to the ocean of knowledge is open to the extent you will want to open it. It is worthy of knowing.

ShivBaba's knowledge

inforpoint@gmail.com

'...let's give the information of the Truth – this is the entire course. Let joy arise in the soul! Let its imprint stay in it! Let sorrows and worries go away from it! This is something that can't be received from the world.. We receive that most wonderful Being in the world...'

"Knowledge" means „information“. The information about what? The information about the Truth. The Truth about what? About what the soul is, what the Supreme Soul is, what this cycle of the world is. The information about all this is knowledge.

'His first name is Truth. What is the truth is beautiful. What does it mean? If something is untruth, it can't be beautiful. The truth, benevolence... Only the truth is benevolent. If something is a lie, it can't be benevolent. The truth and benevolence... The one who has these two qualities must be beautiful. He will be the truth and he will be benevolent. It's him that will be beautiful indeed. So, it is the Supreme that is named Truth.'

[ShivBaba]
